Projects

Aushadhalay

March 2021 - August 2021

- Developed a sophisticated mobile application capable of scanning medicines and furnishing users with comprehensive information, encompassing price, symptoms, dosage, and facilitating seamless order placement.
- Engineered a RESTful API to facilitate efficient communication with a vast repository of over 200,000 items stored in the database, ensuring swift and responsive data retrieval.
- Leveraged a robust technology stack comprising React Native, MongoDB, NodeJS, Cloudinary, and Firebase ML to drive the successful execution and deployment of the project.

Work Experience

Washon | Software Engineer

July 2023 - Present

- Crafted a revamped client application using Flutter/Dart, focusing on enhanced organization, scalability, and code quality.
- Employed BLoC (Business Logic Component) pattern and Dio for efficient API call management.
- Made sure crashes are minimal, and the errors are handled correctly in the production app, leading to an intuitive User Experience.
- Utilized Flutter, Flutter Bloc, Firebase (Crashlytics, Messaging), Dio.

Washon | Software Engineer (Contract)

September 2022 - June 2023

- Developed an administrative web platform facilitating seamless migration from a subscription-based service.
- Implemented comprehensive features including order and driver metrics, robust search functionality, and various enhancements.
- Ensured optimal user experience by crafting an intuitive interface.
- Utilized React, Redux Toolkit Query, TailwindCSS, and MUI within the technology stack.

Webtimate Solutions | Frontend Intern

July 2022 - September 2022

- Implemented debouncing to resolve irregular behavior resulting from multiple button clicks.
- Created HTML emails using HTML tables with meticulous attention to detail.
- Contributed to improving the user interface across the entirety of a porter-like application designed for US customers.
- Utilized React Native, GraphQL, and Tailwind CSS.

Skills

JavaScript | TypeScript | React | React Native | Dart | Flutter | Python | Git | Firebase

Education

Amity University Noida, India

2020 - 2023

- Branch | CGPA: **6.95**
